Micro-Teaching Workshop

On March 30, 2023, our Micro-Teaching Workshop fostered a dynamic environment for educators to refine their teaching skills. Through interactive sessions and peer feedback, participants honed their instructional techniques, cultivating a deeper understanding of effective pedagogy. Facilitators emphasized the importance of student engagement and differentiated instruction, empowering teachers to create inclusive learning environments tailored to diverse learners. By incorporating multimedia tools and innovative teaching strategies, educators gained confidence in their ability to deliver impactful lessons. The workshop served as a catalyst for professional growth, equipping educators with invaluable insights to enhance their teaching practice and positively impact student learning outcomes.

सूक्ष्म शिक्षण (Micro Teaching)

एक शिक्षक के रूप में प्रशिक्षणार्थियों में शिक्षण कौशलों का विकास करना तथा कौशलों का पूर्ण अभ्यास कर समस्त शिक्षण कौशलों पर स्वामित्व प्राप्त करने हेतु प्रत्येक शिक्षण का अभ्यास करवाया जाता है।

शिक्षण कौशल से तात्पर्य उन समस्त क्रियाओं से हैं जिनके द्वारा विद्यार्थी के व्यवहार में परिवर्तन लाया जा सकता है। शिक्षण में प्रयुक्त होने वाले समस्त शिक्षण कौशलों की सम्पूर्ण जानकारी, उस कौशल विशेष के घटक (Components) उनका निरीक्षण करना, उनका मूल्यांकन करना आदि सभी कार्य विषयाध्यापक द्वारा करवाये जाते हैं। इसमें पाठ योजना (Lesson Plan) का निर्माण करना, उसका शिक्षण करना, उसके लिए (Feed Back) प्रतिपुष्टि प्राप्त करना तथा पुनः पाठ योजना, पुनः शिक्षण तथा पुनः प्रतिपुष्टि की क्रिया तब तक चलती है। जबतक किसी कौशल विशेष के समस्त घटकों पर अधिकार प्राप्त नहीं कर लिया जाता है। इस सूक्ष्म शिक्षण में छात्रों के रूप में साथी, प्रशिक्षणार्थी निर्मित शिक्षण करते हैं (Simulated Teaching) तथा अपने विषयाध्यापक अथवा साथी पर्यवेक्षक (Peer Supervisor) से प्रतिपुष्टि एवं मार्गदर्शन प्राप्त करते हैं। सूक्ष्म शिक्षण के बारे में (D.W. Allen (1966) "Micro teaching is scaled down teaching encounter in class size & class time, " सूक्ष्म शिक्षण सरलीकृत शिक्षण प्रक्रिया है जो छोटे आकार की कक्षा में कम समय में पूर्ण होती है।"

सूक्ष्म शिक्षण प्रक्रिया (Micro-Teaching Process)

इन कौशलों का निरीक्षण एवं मूल्यांकन करने के लिए नैड फ्लैण्डर की सामाजिक अन्तः क्रिया के आधार पर गणना (Coding & Decoding) की जाती है तथा इसके लिए निरीक्षण सूची (Observation Table) व मूल्यांकन सूची (Check List/Evaluation Sheet) तैयार की जाती है। प्रत्येक कौशल के लिए पृथक-पृथक सूचियाँ तैयार की जाती हैं। सूक्ष्म शिक्षण के भारतीय प्रतिमान में सूक्ष्म शिक्षण की अवधि 36 मिनट की होती है। इसका समय विभाजन निम्नांकित प्रकार से दर्शाया गया है-

शिक्षण	6 मिनट
प्रतिपुष्टि	6 मिनट
पुनः योजना	12 मिनट
पुनः शिक्षण	6 मिनट
पुनः प्रतिपुष्टि	6 मिनट
कुल समय	36 मिनट

सूक्ष्म शिक्षण पाठ योजना सं०-०५

कौशल का नाम : प्रश्नोत्तर कौशल

विषय : सामाजिक विज्ञान

प्रकरण : पृथ्वी

कक्षा : IX

अवधि : 6 मि.

छात्राध्यापक/छात्राध्यापिका क्रिया	छात्र/छात्रा क्रिया
प्रश्न-1 पृथ्वी की आकृति कैसी होती है।	उत्तर - गोलाकार या अण्डाकार
प्रश्न-2 - पृथ्वी का रंग कैसा होता है	उत्तर - नीला रंग
प्रश्न-3- पृथ्वी पर किस गति के कारण दिन और रात होती है।	उत्तर - धूर्तिन या दैनिक गति
प्रश्न-4 - पृथ्वी पर भारत किस हिस्से में है।	उत्तर - उत्तरी देशान्तर
प्रश्न-5 - पृथ्वी की कितनी गति है।	उत्तर - 1. धूर्तिन 2. दैनिक गति
प्रश्न-6 - चंद्रमा सूर्य में कितनी दूरी पर है।	उत्तर - 15 करोड़ Km

Micro-Teaching Workshop

The Micro-Teaching Workshop held on February 15, 2022, provided a dynamic platform for aspiring educators to hone their teaching skills. Through interactive sessions and practical demonstrations, participants delved into effective teaching methodologies, classroom management techniques, and innovative instructional strategies. Facilitators emphasized the importance of student engagement, feedback mechanisms, and reflective practices in enhancing teaching proficiency. Through simulated teaching scenarios, attendees received constructive feedback from peers and mentors, fostering a collaborative learning environment. Overall, the workshop served as a catalyst for professional growth, empowering educators with the tools and confidence to excel in their teaching endeavors.

Workshop For Teaching Resources

The Workshop for Teaching Resources held on September 8, 2021, provided educators with a rich platform to explore and develop innovative teaching materials. Through collaborative sessions and hands-on activities, participants delved into the creation of diverse resources tailored to enhance student learning experiences. Facilitators guided discussions on effective utilization of digital tools, interactive modules, and traditional teaching aids to cater to varied learning styles and preferences. Attendees exchanged ideas and best practices, fostering a dynamic learning community. The workshop emphasized the importance of resourcefulness and creativity in crafting engaging lessons that resonate with learners. Overall, it served as a catalyst for pedagogical innovation and instructional excellence.

TLM WORKSHOP

The TLM (Teaching-Learning Materials) Workshop on February 22, 2020, served as a pivotal platform for educators to explore innovative teaching aids and techniques. Participants engaged in hands-on activities, creating and experimenting with various TLMs tailored to different subjects and learning styles. Facilitators demonstrated the effective integration of TLMs into lesson plans to enhance student comprehension and retention. Discussions centered on the adaptability of TLMs across diverse educational settings and the importance of aligning them with curriculum objectives. The workshop fostered collaboration and idea exchange among educators, empowering them to create dynamic and engaging learning experiences for their students.

Micro-Teaching Workshop

The Micro-Teaching Workshop conducted on November 5, 2019, offered an invaluable opportunity for educators to refine their pedagogical skills. Through simulated teaching sessions, participants practiced lesson delivery while receiving constructive feedback from peers and mentors. The workshop focused on enhancing teaching effectiveness through attention to instructional strategies, classroom management techniques, and student engagement methods. Attendees explored innovative approaches to curriculum delivery, incorporating technology and interactive learning tools. Discussions and reflections facilitated a deeper understanding of effective teaching practices and encouraged continuous improvement. Overall, the workshop provided a supportive environment for professional development, empowering educators to excel in their roles and positively impact student learning outcomes.
