Brainstorming Session for Library Improvement (2nd January 2023)

- **Enhanced Student Engagement:** The brainstorming session involving students resulted in valuable suggestions for library improvement. This inclusive approach has increased student engagement in the college's decision-making processes
- **Library Enhancement:** Several actionable steps were identified to improve the college library, such as expanding the collection, upgrading facilities, and introducing a user-friendly digital catalogue. These improvements will create a more conducive learning environment.

REPORT

Today on 02-01-2023, a brainstorming session was conducted under the leadership of Principal Dr. Piyush Raj Prabhat regarding the library at the Bhuvan Malti College of Education. The main purpose of this was to ask for new ideas from the students and teachers for the improvement of the library and to solve the problems encountered in the work of the library. In this storming session, suggestions were solicited from the students about what more efforts can we make for the improvement of the library. Library in-charge also encouraged the students to give suggestions for the improvement of the library. All the teachers of the college were also present on this occasion.

2. Encouragement of Novel Ideas and Official Support:

- Introduction of Skill-Based Courses: In 6-7/02/2023, the college initiated two days skill based courses, "Computer Skill Development Course" and "English Speaking & Efficiency Course". These courses ran concurrently with students' regular degree programs, fostering a multidisciplinary approach to education.

Introduction of Skill course to students

Skill-Based Courses ("Computer Skill Development Course" and "English Speaking & Efficiency Course"):

- Enhanced Skill Set: The introduction of these courses has provided students with additional skills that are highly relevant in today's job market. Graduates now possess practical knowledge in organic farming techniques and creative writing, making them more versatile candidates for employment.

Knowledge in organic farming techniques and creative writing

- **Holistic Learning:** The integration of skill-based courses with regular degree programs has promoted a holistic approach to education. Students can apply theoretical knowledge from their degree programs to practical, real-world situations through these courses.

Knowledge in organic farming techniques and creative writing

- **Improved Employability:** Graduates with certificates in organic farming have a competitive edge in the agriculture sector, while those with creative writing skills find opportunities in content development, journalism, and communication fields.

STUDENTS EXCHANGE PROGRAMME

Dated: 8-4-2023

Collaborative College: Shyam Sai College of Education

Student's Exchange Programme conduct between Bhuvan Malti College of Education, Motihari to Shyam Sai Institute of Education, Siwan.

Bhuvan Malti College of Education, Motihari, and Shyam Sai Institute of Education, Siwan, embarked on a transformative journey of cultural exchange and academic collaboration through a meticulously planned student exchange programme. The primary objective of this initiative was to provide students from both institutions with a unique opportunity to broaden their horizons, deepen their understanding of different teaching methodologies, and foster cross-cultural appreciation.

The programme commenced with a warm welcome extended to the visiting students from Shyam Sai Institute of Education. They were greeted with enthusiasm and hospitality, setting the tone for the days ahead.

Shyam Sai Institute of Education Faculty Taking Lecture through Students Exchange Programme

Over the course of the exchange programme, students actively participated in a variety of activities designed to facilitate meaningful interaction and learning. Classroom observations were a key component, allowing students to witness firsthand the teaching practices and pedagogical approaches employed at the host institution. This provided invaluable insights and inspired thought-provoking discussions among the participants.

Assistant Professor of Shyam Sai College of Education, Siwan teach to Students' on Students Exchange Programme.

In addition to classroom observations, workshops were conducted on topics of mutual interest, ranging from innovative teaching techniques to intercultural communication. These workshops provided a platform for students to exchange ideas, share best practices, and collaborate on projects, thereby enriching their learning experience.

Assistant Professor Delivered Lecture to Both College Student (Bhuvan Malti College of Education and Shyam Sai College of Education), on Students Exchange Programme.

Furthermore, cultural immersion activities were organized to expose students to the rich cultural heritage of the host region. Visits to local landmarks, traditional performances, and culinary experiences served to deepen their appreciation for cultural diversity and foster friendships that transcended geographical boundaries.

Delivered Lecture to Shyam Sai College of Education, Siwan Students' on Students Exchange Programme.

Interactive sessions were another highlight of the programme, where students from both colleges engaged in lively discussions on various educational topics. These sessions encouraged dialogue, critical thinking, and reflection, empowering students to broaden their perspectives and embrace new ideas.

As the exchange programme drew to a close, it was evident that the experience had left a lasting impact on all participants. Friendships were forged, cultural barriers were overcome, and valuable lessons were learned. The bonds of collaboration and mutual respect established during this exchange will undoubtedly endure, paving the way for future partnerships and opportunities for growth.
